## PROGRAM OF CONTINUING EDUCATION

# BOSTON STATE COLLEGE

## Program of Continuing Education

The Program of Continuing Education offers an extensive range of undergraduate and graduate courses during the late afternoon, evening and Saturday morning hours each Spring and Fall semester, as well as day and evening courses during two intensive Summer Sessions.

The Program is specifically designed to encourage part-time educational studies for self-enrichment or professional advancement. The emphasis of the Program is to provide adult students with the opportunity to succeed in one or two courses at a time, as well as a chance to attend college while holding a job or having other responsibilities which make it difficult to attend college on a full time basis.

When it became apparent that numbers of students in neighboring cities and towns were interested in programs offered by Continuing Education, an Off-Campus Program was established. In 1973 five courses were offered at one off-campus location. The program grew rapidly and this semester, over 250 undergraduate and graduate courses will be offered at more than twenty satellite centers throughout the Greater Metropolitan Area.

Input from local communities continues to be important to the Program. Presently we are working cooperatively in programs with community schools, elementary and secondary schools, community colleges, hospitals, governmental agencies, business, industry, as well as with community and professional groups. We will expand these cooperative efforts in the coming year, as we continue to look for opportunities to provide educational resources to the people and the communities we serve.

## The Graduate School

Drawing on the course work through the Program of Continuing Education, the Graduate School offers programs leading to the degree of Master of Arts, Master of Science and Master of Education as well as the Certificate of Advanced Graduate Study. The Graduate School publishes its own *Graduate Studies Catalog*, which, in addition to other information on graduate programs, including course descriptions, is available in the Graduate Office (Room 201 of the Administration Building).

Graduate students who intend to enter a Master's degree program should complete the matriculation process during their first semester. See the current *Graduate Studies Catalog* for specific instructions. Specific programs or departments may impose admission requirements in addition to those specified in the *Graduate Studies Catalog*. Graduate students should consult the chairperson/director of their intended program to determine what, if any, additional requirements exist.

Students who are planning to become candidates for a degree or certificate should ascertain the status of their intended program by contacting the Graduate Office.

It should be noted that there are no graduate degree programs in: Adult Education, Administration (other than Educational Administration), Art, Biology, Core Education, Economics, Music, Occupational Education, Philosophy and Nutrition.

Prior to matriculation, course work should be selected from among the 9000-level courses required in the student's area of concentration.

N.B. Trustee regulations require graduate degree candidates to select 50% or more of their course work from among courses intended primarily for graduate students (i.e. 9000-level).

Graduate students should frequently consult the bulletin board located outside the Graduate Office (201 Administration Building) for important information such as: dates and locations of comprehensive examinations, deadlines for student teaching applications, etc.

Graduate students are urged to meet with the academic advisor of their program at least once per semester.

Graduate students are responsible for being familiar with the regulations of graduate programs.

The M.Ed. programs in Special Education, Generic Special Teacher, Moderate Special Needs, Counselor Training and School Psychology are instituting the following procedural changes:

1. As of the Spring 1977 Semester, matriculation interviews will be conducted between September 1 and November 1 during the Fall semester and between February 1 and April 15 during the

# BOSTON STATE COLLEGE

Spring Semester.

2. Candidates are urged to matriculate before taking any graduate courses. Students who take graduate courses before matriculation do so at their own risk with no guarantee that the credits will be accepted.
3. Students who have a matriculation interview will not be informed of their status until all interviews for the semester have been completed and the admissions committee has reviewed all applications.

For further information, please telephone or stop by the Graduate Office, Room 201 Administration Building, Telephone 731-3300, extension 291, 292.

## Open College

The Open College offers courses available for home listening in cassette form. Courses are broken into modules or units and upon successful completion of the learning units a student is awarded credit for the course. Individual tutoring and group seminar work are available. For further information please call: 731-0097.

## Urban Learning Center

Located on the Boston campus but serving individuals and groups of students in off-campus locations, the center offers programs for high school seniors and adults who are interested in preparing for college. Programs offered through the Urban Learning Center include:

The College reserves the right to deny admission to a specific course to a student who does not have the necessary prerequisites. Prerequisites are listed in parentheses at the end of the course title. However, registering for a course or course does not imply acceptance into a degree program. ## Advising

Whether this is your first course at Boston State College, or whether you have taken courses before, we encourage you to meet with an academic advisor during the coming semester. Graduate students should talk with a member of the staff of the Graduate school. Undergraduates should make an ap-

pointment with a counselor in the Office of the Program of Continuing Education. Counselors will also be available at the time of registration at each Off-Campus location. In addition, counselors will visit the Off-Campus locations during the semester. Instructors at these locations will be notified of specific times and dates of these visits. If you are a student in the Off-Campus program and wish to talk with a counselor, please call the Off-Campus office: 731-4012.

## Auditing

If you are interested in registering for a credit course but are not interested in receiving academic credit, you may audit the course. Students auditing a course are expected to attend class regularly, to take part in all aspects of class work, but are not required to write term papers, or take examinations. Register during the Walk-In registration period and pay auditing fees (\$18.00 per credit hour). Students may not change from credit to audit or vice versa after the third class meeting. Students changing from credit to audit are not eligible for a refund.

## Bookstore

The College Bookstore is located on the Boston campus in the Tower Building on the second floor and is open Monday through Friday from 8:30-5:00 p.m.. The Bookstore will also be open evenings during the first weeks of the semester for the convenience of Continuing Education students. Students at Off-Campus locations should contact their instructors for information about purchasing and receiving books. (The bookstore cannot accept personal checks for payment of books).

## Cancellation of Courses — Weather, Emergencies

Cancellation of classes held at the Boston campus are announced on the following Radio stations: WHDH, WBZ, WEEI AND WRKO. Off-campus courses are cancelled when the site location is closed. Students in off-campus programs should listen for radio announcements concerning closing of the site locations or call the site location directly.

## Cancellation of Courses — Low Enrollments

The Division of State Colleges through the Program of Continuing Education reserves the right to cancel any course which does not have sufficient paid enrollments to be self-supporting. In an attempt to maximize course offerings, cancellations are done at the last possible moment. We regret that we may not be able to notify all students in advance. Off-campus students are urged to call the off-campus office: 731-4012, the day before their class is scheduled to meet. Students at the Boston campus are urged to check cancellations listed outside the Office of the Program of Continuing Education the day before class is scheduled to meet.

## Course Schedule Changes

Course changes must be made during the first two weeks of the semester. A student wishing to change from one course to another must complete the change of registration forms available in the Office of the Program of Continuing Education and pay a \$2.00 course change fee. Students in Off-Campus programs may change course schedules by mail. This correspondence should include the student's name, I.D. number, address, course numbers, sections to be

# BOSTON STATE COLLEGE

changed and \$2.00 course change fee. Mail to: Off-Campus Program, Program of Continuing Education, Boston State College, 625 Huntington Avenue, Boston, Ma. 02115

## Grade Reports

Grade reports are issued to the student approximately two weeks after the end of each semester. The grade report is an unofficial statement of a student's academic progress for one semester. Grade reports cannot be used as a transcript.

## Grades-Incomplete (Graduates)

Graduate students may be granted a grade of incomplete by the instructor for good and sufficient reason. Grades of Incomplete should be resolved as soon as possible. The program director and graduate committee of the various Master's and C.A.G.S. programs are free to develop their own policies regarding grades of incomplete and will consider each student's case individually.

## Grades-Incomplete (Undergraduates)

INC (incomplete) may be given when all the requirements of the course have not been completed; however, the student must, in the judgement of the instructor, have already successfully completed a substantial part of the requirements. In order to receive a grade in a course with a INC (incomplete), the student shall make arrangements directly with the instructor. It is the student's responsibility to contact the instructor.

**ALL INCOMPLETES MUST BE MADE UP BY THE EIGHTH WEEK OF THE SEMESTER IMMEDIATELY FOLLOWING THE SEMESTER IN WHICH THE INCOMP-**

**LETE WAS RECEIVED.** If this requirement is not fulfilled, the designation of incomplete becomes a final grade of 0.0. A grade can never be removed from the transcript.

## Financial Aid Programs

Boston State College administers a variety of financial aid programs. These programs are available only to those students who are citizens or permanent residents of the United States. All financial assistance is awarded for one academic year only.

### Programs Administered by the College

**BASIC GRANT (BEOG):** Any student who meets the qualifications of being enrolled in an undergraduate program and who has not received a Bachelor's degree should apply for the BASIC GRANT. Notification of Eligibility will be mailed directly to the student's home. Students must promptly return this AWARD NOTICE to the Financial Aid Office, 210k  
**GUARANTEED LOAN PROGRAM:** Students may apply for this loan directly to a bank, credit union, or loan association if they are enrolled in a graduate or undergraduate program at least half the time. For more information contact local banks. If you are a student at the Boston campus or at one of our off-campus locations, you may be eligible for financial assistance. For further information please call 731-3300, extension 249 or 250.

## Office Hours: Faculty

The faculty of the Program of Continuing Education come from the Boston State faculty, from neighboring colleges and universities and from the business and professional

community. Each faculty member will determine his or her own office hours and will inform students of the time and place. The Continuing Education Office will not give out faculty telephone numbers under any circumstances.

## Student Classification

Students may register for courses in the Program of Continuing Education under two basic categories:

**UNCLASSIFIED (Nondegree Candidates):** Students may register for courses as unclassified students if they have not applied for admission to an undergraduate or graduate degree program. Registration in a course(s) is equivalent to admission to the Program of Continuing Education as an Unclassified student.

**MATRICULATED (Accepted Degree Candidate):** Students who have applied and been formally admitted to an undergraduate or graduate degree program register as matriculated students. Graduate students interested in applying for matriculation should follow procedures listed in the Graduate catalog; undergraduate students should schedule an appointment with a counselor in the Office of Continuing Education before applying for matriculation. Although it is not always required, many prospective degree candidates who have been away from formal accredited study for a lengthy period of time have found it beneficial to complete 15 credits of course work prior to applying for acceptance into a degree program.

Undergraduate students may matriculate and pursue a degree through the Program of Continuing Education in most of the academic programs offered at the College. However, certain programs requiring specialized course and field work or clinical

# BOSTON STATE COLLEGE

supervision are available only through the Day Division. It is suggested that undergraduates interested in applying for matriculation talk with a counselor to discuss academic degree requirements, transfer credit, credit by examination opportunities and the selection of a beneficial program of study.

I.D. Cards are required of all students and will be requested for the use of the library and other college facilities. Photos will be taken at Off-Campus locations during the Walk-In registration.
